

netxpert::core::ISPTree

```
graph BT; SPT_LEM[netxpert::core::SPT_LEM] --> ISPTree[netxpert::core::ISPTree];
```

The diagram illustrates a class inheritance relationship. A white box at the bottom, labeled 'netxpert::core::SPT\_LEM', has a blue arrow pointing upwards to a gray box at the top, labeled 'netxpert::core::ISPTree'. This indicates that 'SPT\_LEM' inherits from 'ISPTree'.
